## Firechief Cavius 2000 Range Surface Mounting Kit

FC2000SMK

## PRODUCT DATA

### DEVICE TYPE:

Mounting kit for 40mm alarms.

### USAGE:

Firechief CAVIUS mounting kit is a double-coated 3M tape which can be used as an accessory for Firechief CAVIUS 40 mm alarms to be easily stuck to the ceiling.

Firechief CAVIUS mounting kit has an excellent long term holding power. Resistant to solvents, temperatures extremes, and U.V. lights make it suitable for many interior applications.

For maximum strength, the surfaces should be thoroughly cleaned with a 50:50 mixture of isopropyl alcohol and water. Ideal tape application is accomplished when temperature is between 21° and 38°C. Maximum grip is reached after 24h.

### FUNCTION:

The operation is convenient and easy:

This set consists of an original Firechief CAVIUS mounting base with adhesive pad and an additional set of screws and dowels.

1. The base can be used for all 40 mm alarms
2. Remove protective film from the base
3. Press the base with inserted smoke alarm for about 10 seconds at a suitable place on the ceiling.

Suitable for vinyl wallpaper, polystyrene, non-stick and silicon coatings.

### INSTALLATION POSITION:

Ceiling. For 40 mm alarms to be easily stuck to the ceiling.

### AWARDS:

reddot design award  
winner

### ASSOCIATIONS AND COMMITTEES:

CAVIUS is member of the NF292 committee.

CAVIUS is member of GIFSID, manufacturers' association of domestic fire safety equipment.

## MANUFACTURER

Manufacturer: Cavius Aps, DK8600
